

Aditya Kumar

Fresher

As an MCA student at Ranchi University, driven by a passion for frontend development, Java, Python, and cloud computing. Equipped with a unique blend of creativity and technical skills, excited to tackle new challenges and contribute to innovative solutions.

SUMMARY

MCA student at Ranchi University, fresh in JavaScript, HTML, and CSS, and a foundational understanding of Express.js, React.js, Node.js, MongoDB, and SQL. Demonstrated adaptability through learning diverse programming languages, including C, C++, Java, and Python. Passionate about web development and the potential of AI to enhance digital experiences. Eager to thrive in a dynamic work environment, take on diverse responsibilities, and contribute to software and product development. Aims to add value to the organisation while pursuing growth in engineering roles and actively participating in recruitment and knowledge-sharing initiatives.

EDUCATION

Doranda College Ranchi, BCA

September 2018 - December 2021
