Sri Mallika Rayabarapu

Objective

To utilize strong programming, problem-solving, and communication skills in a challenging environment, contributing to the development of innovative solutions while enhancing my technical expertise and advancing organizational goals.

Education

- **B.Tech in Computer Science and Engineering**, ACE Engineering College, Hyderabad (2021–Present) – CGPA: 8.01
- **Intermediate (MPC)**, TSWRS Junior College, Suryapet (2019–2021) – Percentage: 83%
- **SSC**, KSSBM Z.P High School, Kodad (2018–2019) – CGPA: 9.2

Project

Bone Fracture Detection Using Deep Learning

- Automated the detection of bone fractures using radiographic images to assist in accurate diagnoses.
- Focused on reducing interpretation time and minimizing diagnostic errors in medical imaging.
- Designed and implemented a system to improve efficiency in fracture detection processes.

Skills

- Programming (C, C++, SQL)
- Web Development (HTML, CSS)
- Data Structures and Algorithm
- Problem Solving

Certifications

- **Data Analytics and Visualization Job Simulation** – Accenture, June-2024
- **Developer Job Simulation** – Accenture, February, 2023
- **UiPath Automation** – Skill-A-Thon, 2024
- **Salesforce Developer Virtual Internship** – Smart Internz-November, 2023
